

Done-For-You AI Consulting

Expert strategy. Custom automation builds. Full implementation.
We do the work — you get the results.

Who Is This For?

- Entrepreneurs who want AI without learning it themselves
- Businesses ready to automate lead generation and operations
- Teams that need a custom AI strategy, not a generic template
- Founders who want to move fast and get results

What We Deliver

- AI readiness assessment and opportunity mapping
- Custom automation strategy tailored to your business
- Done-for-you build and deployment on the Afterlyt platform
- Team training and internal AI upskilling
- Ongoing platform access and advisory support

Our Process

A proven methodology to get you from idea to live automation fast.

1

Discovery Call (Free)

30-minute call to understand your business, goals, and current processes. We identify the highest-ROI automation opportunities.

2

AI Opportunity Audit

We analyse your operations in depth and deliver a prioritised automation roadmap with expected time savings and ROI projections.

3

Custom Build & Configure

Our team builds your automations on the Afterlyt platform, connects your existing tools, and tests everything end-to-end.

4

Deploy & Train Your Team

We deploy all automations, walk your team through how everything works, and hand over full documentation.

5

Ongoing Support & Growth

Your platform subscription keeps your automations running. We're available for questions, tweaks, and new automation ideas.

Client Results

||

Afterlyt transformed our customer service with AI chatbots. Response times dropped from hours to seconds, and satisfaction is at an all-time high.

Sarah Mitchell

Founder, StyleBox E-commerce

||

The social media management system they set up transformed our online presence. We now dominate all platforms consistently.

Amanda Foster

COO, Bright Future Consulting

||

Working with Afterlyt felt like having an AI expert on staff. They didn't just implement solutions — they taught us how to think about AI strategically.

Robert Kim

Founder, DataDriven Analytics

Common Questions

How long does a project take?

Starter Setup: 2–3 weeks. Growth Setup: 4–6 weeks. Scale Setup: 8–12 weeks.

Do you offer payment plans?

Yes — 50% upfront and 50% on delivery for all packages.

What happens after the project is delivered?

Your platform subscription keeps everything running. Upgrade or add automations any time.

Can I see automations before I commit?

Absolutely. Book a free discovery call and we will show you exactly what is possible for your business.

Book Your Free Discovery Call

30 minutes. No obligation. We will show you exactly what AI can do for your business.
